

Dhruv Dhayal

📍 Amity University (AIIT), Noida India ✉ dhayaldhruv271@gmail.com ☎ +91-852 999 45 15

D.O.B: 24-12-2003 in dhruv-dhayal-9568b7262 🔗 BlockNotes-4515 ORCID: 0009-0000-8346-7834

About Myself

I am a passionate and self-motivated Computer Science student with a strong foundation in **Project Management, Software Development Life Cycle(SDLC), Data Structuring and Algorithm**. With a deep interest in research and innovation, I've contributed to multiple publications and recently presented at esteemed international conferences, including S4IOT'25 at KCST in Kuwait and ICAIN'25 in UAE (Dubai). I firmly believe in my ability to learn, lead, and create impact through research-driven, tech-enabled solutions. My goal is to bridge the gap between intelligent systems and practical applications by developing solutions. [GitHub](#) 🔗

Driven by curiosity and a belief in continuous learning, I'm actively exploring opportunities where I can contribute meaningfully through research and develop tech solutions. I'd love for you to check out my work and connect further on [Linkdin](#) 🔗.

Skills

- **Programming Languages:** C, C++, Java, JavaScript, Python, SQL
- **Operating Systems:** Windows, Linux (Ubuntu), Raspberry Pi OS
- **Databases:** MySQL, PostgreSQL, Oracle Database, MongoDB, Amazon RDS, Firebase
- **Frameworks & Technologies:** Spring Boot, Spring MVC, Node.js, REST APIs, JWT Authentication, Docker, AWS
- **Developer Tools/IDE:** Visual Studio Code, IntelliJ IDEA, Jupyter Notebook, Postman, Google Colab, Github, Gitlab
- **Testing:** Postman API
- **Version Control:** Git, GitHub
- **Core Concepts:** Object-Oriented Programming, Database Management Systems, Operating Systems, Computer Networks
- **Professional Skills:** Analytical Thinking, Problem-Solving, Communication, Team Collaboration

Education

Amity Institute of Information Technology (AIIT), Noida

Aug 2025 – Jul 2027

Master of Computer Applications (MCA)

- SGPA: 8.68/10
- **Relevant Coursework:** Advanced Data Structures & Algorithms, Advanced Database Management Systems, Software Engineering, Artificial Intelligence, Machine Learning, Cloud Computing, Data Analytics

Institute of Information Technology & Management (IITM), Janakpuri

Jun 2022 – Jul 2025

Bachelor of Computer Applications (BCA)

Affiliated to GGSIPU

- CGPA: 9.67/10 — Ranked among top academic performers ([IPU Rank List](#) 🔗)
- **Relevant Coursework:** Data Structures & Algorithms, Object-Oriented Programming, Operating Systems, Computer Networks, Database Management Systems, Software Engineering, Artificial Intelligence, Machine Learning

Experience

Internware

Delhi, India

Jun 2023 –

Project Manager Intern

Sep 2023

- Coordinated cross-functional teams to support project planning, execution, and delivery objectives

- Managed project workflows by aligning milestones, deliverables, and team priorities
- Contributed to end-to-end project lifecycle activities including planning, documentation, and reporting
- Supported business development initiatives through technical documentation and content strategy
- Collaborated with management and technical teams to streamline communication and operational processes

Metafiser – Artificial Intelligence Cell

Delhi, India Jun 2024 –

AI/ML Summer Trainee

Jul 2024

- Developed an AI-powered Spotify recommendation system using hybrid recommendation techniques
- Applied machine learning methodologies including data preprocessing, feature engineering, and model evaluation
- Implemented Agile practices to monitor project milestones and coordinate team activities
- Explored AI-driven solutions across automation, IoT, and personalized user experience systems
- Enhanced research and deployment capabilities through collaborative development practices

Amity Institute of Nuclear Science and Technology (AINST)

Noida, India May 2026 –

Research Intern — RADMAP

Jun 2026

- Developed RADMAP, a GPS-enabled radiation mapping prototype integrating Raspberry Pi and sensor-based systems
- Implemented real-time geospatial data acquisition and monitoring for location-aware environmental analysis
- Designed map-based visualization workflows to generate radiation heatmaps and spatial insights
- Applied IoT and embedded system principles to improve monitoring accuracy and data reliability
- Strengthened research and field-deployment expertise through system validation and performance evaluation

Bron24

Tashkent, Uzbekistan May

Backend Developer Intern

2026 – Present

- Developed backend services and REST APIs to support scalable application functionality
- Designed and optimized database workflows to improve data management and retrieval efficiency
- Integrated backend systems with web and mobile platforms to enable seamless communication
- Collaborated with cross-functional teams to deliver scalable and user-centric solutions
- Strengthened backend development expertise through real-world implementation and system design practices

Research Publications

IntelliGuard: IoT-Enabled Autonomous Spybot Intelligence for Real-Time Surveillance in Next-Generation Security Applications

Feb 2026

Authors: Dhruv Dhayal, Pratham Aggarwal

Mentor: Prof. (Dr.) Manzoor Ansari

Publisher: Springer Nature, Singapore

Book Series: Lecture Notes in Electrical Engineering (LNEE), Vol. 1513, pp.163–173

Conference: Symposium on Smart, Sustainable and Secure Internet of Things (S4IoT'25)

Location: Kuwait College of Science and Technology (KCST), Kuwait

DOI: 10.1007/978-981-95-5136-1_16

[Publication Link](#) 

Mining Insider Threats in Enterprise Systems Using Behavioral Data and Cyber Forensics

May 2026

Authors: Dhruv Dhayal, Pratham Aggarwal, Manzoor Ansari, Masood Alam, Murad Younas

Publisher: Springer Nature, Cham, Switzerland

Book Series: Proceedings of International Conference on Artificial Intelligence and Networks

Book Series Details: Lecture Notes in Electrical Engineering (LNEE), Vol. 1513, pp.163–173

Conference: International Conference on Artificial Intelligence and Networks (ICAIN'25)
(BITS Pilani Dubai Campus), Dubai, UAE
Published Date: 26 May 2026
DOI: 10.1007/978-3-032-24926-5_26
[Publication Link](#) 

ResQBot: An Innovative Rescue Resource Management Model for Cloud-Based IoT Environments

2024

Authors: Prof. (Dr.) Rachita Rana, Dhruv Dhayal, Prof. (Dr.) Manzoor Ansari
Publisher: IITM Janakpuri
ISBN: 978-81-973251-9-9
Reference: Chapter 3, pp.32
[Publication Link](#) 

Quantum Resistant Blockchain Authentication Protocol: Securing Decentralized Systems Against Post-Quantum Attacks

2025

Authors: Dhruv Dhayal, Prof. (Dr.) Ganesh Kumar Wadhwani, Dr. Pankaj Kumar Varshney, Ms. Preeti Sharma
Publisher: IEEE
Conference: MRIE'25
DOI: 10.1109/MRIE66930.2025.11156407
[Publication Link](#) 

AI-Driven IoT Surveillance Framework for Signal-Resilient Environmental Monitoring in Extreme Conditions

2025

Authors: Dhruv Dhayal, Pratham Aggarwal, Dr. Uvesh Husain, Dr. Manzoor Ansari, Dr. Masood Alam
Publisher: IGI Global, Hershey, Pennsylvania, USA
Reference: Chapter 10, pp.269–286
DOI: 10.4018/979-8-3373-5727-0.ch010
[Publication Link](#) 

Projects

IntelliGuard Ver.2 — IoT-Based Spybot Monitoring System

[GitHub Repository](#) 

- Developed an intelligent surveillance system for real-time monitoring using IoT and embedded technologies
- Integrated radar-based obstacle detection and real-time visual feedback mechanisms for enhanced navigation
- Implemented hybrid manual and autonomous operating modes to improve system flexibility and control
- Applied sensor integration and real-time communication workflows to enhance monitoring efficiency

Shopora Nexus — Full-Stack E-Commerce Platform

[GitHub Repository](#) 

- Built a scalable Spring Boot e-commerce platform with REST APIs and secure transaction workflows
- Integrated JWT-based authentication and role-based access control for multi-user management
- Developed secure cart, order, and payment modules for seamless transaction processing
- Architected a modular system for scalability and future microservices expansion

Volunteer Experience

Volunteer — Kind Beings NGO

Jan 2026 – Apr 2026

- Contributed to community initiatives through planning and execution of social impact programs
- Coordinated awareness campaigns and event operations to improve community engagement
- Collaborated with multidisciplinary teams to streamline program delivery and outreach efforts
- Received an Appreciation Certificate for contribution, commitment, and active participation

Team Lead — Amity Green Horns Military Training Camp (MTC)

Mar 2026

- Led Team Tent No. 6 during the Amity Military Camp, driving team coordination and operational activities
- Guided the team to secure a **Gold Medal** in the Obstacle Hurdle Race and **1st Position** in Cross-Country

competition

- Strengthened leadership and decision-making skills through team management in dynamic environments
